

Hello, my name is Zheng Yuting, or you can call me Dorothea in English if you like. I am 19 years old. I am from Putian, Fujian Province. But I didn't live there.

When I was a child, I lived in Shanxi Taiyuan for nine years so I don't have Fujian accent. I actually don't remember much about Taiyuan, but I do remember that I was a really shy girl before. I didn't like talking with other people, even if they were my friends. Then I went to Shaanxi Xian for the next nine years, where I became more outgoing gradually. I think I have more friends than before, that must benefit from being an outgoing girl. Then, I came to Shenzhen University, I believe I can live a wonderful life here.

I love sports, but I am not good at sports. I've tried so many kinds of sports (I like to try something new), like football, basketball, volleyball, ping pang, badminton, squash, shuttlecock, and so on. I think for me, the most fun one is shuttlecock, I had my shuttlecock class on my first year in college. This sport is not popular like others, but it is a competitive sport like basketball. I made a good friend with my partner.

When I am free, I'd rather stay at home alone instead of hanging out with groups of people. I always lying on my bed at watching Taylor Swift's concert or tv shows and eat snacks. And I practice guitar once in a while.
